Slip-resistant sheet flooring for outdoor spaces

# Altro Promenade

Designed for exterior use, Altro Promenade sheet vinyl flooring provides essential slip resistance in areas exposed year-round to changing weather conditions. This range is ideal for indoor applications as well as patios, decks and pool surrounds that prioritize both safety and aesthetic appeal.

Altro Promenade's impervious surface prevents rainwater and excess moisture accumulation that can damage subfloors over time. It is capable of enduring harsh sunlight and fluctuating temperatures without cracking, fading, or falling apart, making it a practical solution for outdoor areas.

In addition to its impressive durability, Altro Promenade offers a low-depth stepped embossing for smooth underfoot comfort and enhanced cleanability while still providing slip resistance.

## Slip resistance

It is designers, specifiers and end users' responsibility to ensure flooring is fit for purpose, and it's part of our role here at Altro to help make this process easy. Our flooring is separated into three categories: safety, slip-resistant and smooth.

Altro Promenade is slip-resistant flooring. It's a perfect choice for outdoor spaces which rain or water from pools may be present.
